THE COMPUTER IS PERSONAL AGAIN.

HP Compaq t5125 Thin Client
The simple solution at our best price.

Gain a competitive edge with affordable thin clients! Designed for server-based or blade PC computing solutions with support for ICA, RDP, VNC, X-terminal, and custom-defined sessions, you will experience desktop-like performance in task-oriented work environments, such as general office, medical, financial, educational, government, manufacturing, distribution, and call centers.

With a small attractive chassis that can be set either vertically or horizontally, this client is at home on the desktop or mounted conveniently on the wall or under a desk.

HP thin clients lead the way with proven business technology for maximum security and lower ownership costs, and are easy to buy, deploy, and manage with a great price-performance ratio.

Simplicity
- The HP Compaq t5125 Thin Client is ready to run out of the box. HP Connection Administrator simplifies management and connections to remote sessions.

Manageability
- Manage thin clients, PCs, and servers end-to-end through the industry-standard Altiris Deployment Solution (full license with every HP thin client). Features include no-compromise management features including extensive automation of common functions such as initial deployment events, scheduled update activities, ability to update a full image, BIOS, or capture and deploy system and connection settings
- Upgrade images using HP thin client FTP and DHCP image update capability.

Better security
- Lock down user settings and parameters on the client to provide a more secure, single purpose appliance.
- Configurable local storage provides maximum data security.
- Store critical user data and applications on your secure, centralized server.
- Add a smart card reader for enhanced user authentication.

Reliability
- Enjoy years of reliable use with solid-state design and industry-standard architecture.
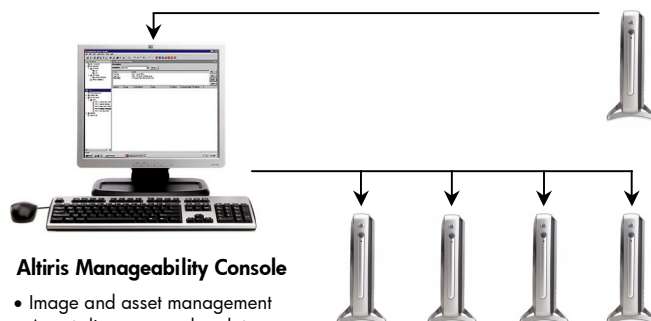

Affordability
- The HP Compaq t5125 is our most affordable thin client.

Global sales and support
- The HP Compaq t5125 Thin Client is backed by HP Global service and support through our network of 50,000 IT pros in over 100 countries.

HP Compaq t5125 Thin Client

HP Compaq t5125 Thin Client Manageability Overview Using Altiris

Altiris Manageability Console

- Image and asset management
- Agent discovery and update
- Remote script execution
- Remote wakeup, shutdown, restart

Source System

- Remote image capture
- Remote capture of BIOS settings
- Remote capture of system and connection settings

Target System

- Remote image deployment
- Remote deployment of BIOS settings
- Remote deployment of system and connection settings

Hardware features overview

Processor	Via Eden 400 MHz
System memory	128 MB (16 MB reserved for video)
Flash memory	32 MB
Video	16 MB UMA shared video memory Maximum video resolution is 1280 x 1024, 24 bit @ 85 Hz
USB ports	4 – USB 2.0
Serial/parallel ports	1 serial and 1 parallel
PS/2 ports	1 PS/2
Audio	• Mic In/Headphone Out • Internally amplified speaker, full 16-bit stereo, 44 KHz sample rate
Networking	• TCP/IP with DNS and DHCP support • 10/100 BaseT Fast Ethernet, twisted pair (RJ-45) • VPN Connection through MS Point-to-Point Tunneling Protocol (PPTP) • Layer 2 Tunneling Protocol (L2TP) • Wake on LAN • PXE
Smart card support	Includes support for SCR331/338 smart card chipset
Warranty	Limited 3-year hardware warranty

Operating environment

Temperature Range On	50° to 104° F (10° to 40° C)
Temperature Range Off	-22° to 140° F (-30° to 60° C)
Humidity	20% to 80% condensing/10% to 95% non-condensing
Power	Worldwide Auto-sensing 100-240 VAC, 50-60 Hz energy-saving automatic power-down

Accessories

DY928A	**Mounting bracket**

Software image features overview

Simplicity features	• HP Connection Administrator user interface provides easy setup and access to remote connections • Support for four virtual desktops • USB Automount simplifies mass storage connections

Server OS compatibility/support	• Microsoft® Windows® NT Server 4.0 family Microsoft Windows 2003 Server family • Microsoft Windows 2000 Server family (except data center addition) • Microsoft Windows 2003 Server Terminal Services • Citrix Presentation Server • Linux and Unix servers
